No lines, wires or other devices for communication purposes, including telephone, television, data and radio signals, or for transmission of electric current or energy, shall be constructed, placed or maintained anywhere in or upon the Subdivision unless they are placed and maintained underground or concealed in, under or on buildings or other Improvements; provided that above-ground electrical transformers and other equipment may be permitted if properly screened with the prior written approval of the Developer. All gas, water, sewer, oil and other pipes for gas or liquid transmission shall be placed underground or within or under buildings or other Improvements. Developer shall present to Owner a survey of any proposed easement which shall be subject to approval by the Owner, which approval will not be unreasonably withheld. Subject to the aforesaid approval, Owner agrees to execute all appropriate documents to accomplish the foregoing.

Section 30. Use of Public Easements. After completing any Improvements, a Lot Owner shall obtain certification from a licensed engineer that the master grading plans have been observed. Whenever, because of construction of Improvements on a Lot, or for some other reason, silt runs off of the Lot onto any adjacent property, the Owner of the Lot shall be obligated to provide a means of siltation control to prevent such run off.

Section 32. Preservation Zone. No building, structure, fence, walkway, patio, recreational or athletic facility, or any other improvement of any kind may be placed temporarily or permanently upon, in or under the area designated on the plat of Lots (2544 through 2555 and 2558 through 2566) as the Preservation Zone, nor shall any work be performed thereon which would alter the natural state of the zone or damage any of the trees or vegetation therein; provided, however, that the zone, may be disturbed to the extent necessary for installation and maintenance of utilities and drainage facilities. No building, structure, fence, walkway, patio, recreational or athletic facility, or any other improvements of any kind shall be placed temporarily or permanently upon, in or under the Tree Protection Zone, nor shall any work be performed thereon which would alter the natural state of the zone or damage those trees therein.

Nothing may be planted in the zone except vegetation native to the area.

No earth, rock, sand, gravel or other natural materials may be removed from or placed in the zone; nor may any trash or debris, whether natural or man-made, be placed or allowed to accumulate in the zone.

The maintenance and repair of the street shall be administered through the Association. The street shall be maintained in a clean, safe and aesthetically attractive condition at all times so that at a minimum the condition would comply with the standards imposed by the Townships in which it is located.

Section 36. Maintain Common Improvements. The responsibility for maintaining the Common Improvements in a well-maintained, attractive and aesthetically appealing condition shall be the responsibility of the Association. That responsibility shall include but not be limited to, caring for and maintaining the Common Improvements, including seeding, paving and mowing when needed, and maintaining and paying the cost for landscaping, entrance walls and the electrical and lighting service constructed by Developer to service the Common Improvements, as well as maintaining sewers as required by the Developer or governmental authorities. #### ASSESSMENTS

Section 1. Establishment of Assessment: For the purpose of providing funds for maintenance and improvement of the Common Improvements and parklands, and other expenses and costs incurred by the Association, the Association shall, on a date selected by the Developer and prior to January 1 of each calendar year thereafter, determine an estimated budget for the following calendar year, or in the case of the first year, if only a part of a calendar year, for the remainder of that calendar year, and establish an equal annual assessment as to each Lot. The total assessment collected for the Lots in the Subdivision must be an amount sufficient to meet the obligations of the Association under this Declaration. These assessments shall be payable in advance in such periodic installments and on such due dates, as the Association from time to time determines; provided, that if any installment of

covenants, requirements, and obligations, the Association or Developer, in addition to any other enforcement rights they may have hereunder, may take whatever action either deems appropriate to cause compliance, including, but without limitation, entering upon the Lot for repair, maintenance, reconstruction and removal of any Improvements thereon or any other action required to cause compliance with the covenants, requirements and obligations contained herein. All costs incurred by the Association or Developer in causing such compliance, together with the interest at such lawful rate as the Association or Developer may from time to time establish, shall be immediately due and payable from the Lot Owner to the Association or Developer, and the Association or Developer shall be entitled to a valid lien as security for the payment of such costs incurred, and interest, which lien shall be effective from the date that the Association or Developer certified the lien to the Delaware County Recorder.

Section 3. **Joint and Several Obligations:** Each and every obligation with respect to a Lot hereunder shall be the joint and several personal obligation of each Owner of a fee simple interest in the Lot at the time the obligation arose or thereafter until paid, and any demand or notice hereunder or pursuant hereto to one of such joint Owners shall be deemed given, taken or received by all such joint Owners.

Section 4. **Severability and Waiver:** Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way effect any other provisions which shall remain in full force and effect. Failure by a benefited party to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 5. **Amendment.** The covenants and restrictions of this Declaration shall run with and bind the land for a term of twenty-five years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years, unless by agreement of the Owners of two-thirds (2/3) or more of the Lots, these covenants and restrictions are sooner terminated. This Declaration, as it relates to the Subdivision, may be amended by a duly executed and recorded instrument signed by the Owners of no less than two-thirds (2/3) of the Lots in the Subdivision, provided that any such amendment during the first ten (10) years after the date hereof

must also be approved by the Developer. Notwithstanding the foregoing, and in addition thereto, the consent of all Lot Owners present, in person or by proxy, who are entitled to vote at a duly called and noticed meeting of the Association, and the written consent of Developer, if it then owns a Lot or Lots, shall be required for any amendment hereto which effects a change in (i) the method of dividing the assessments, (ii) the method of voting on Association matters, or (iii) the fundamental purposes for which the Association is organized. A holder or insurer of a first mortgage on any Lot, upon written request shall be entitled to timely written notice of any proposed amendment hereto.

Section 6. Additions to the Subdivision. Upon the execution and delivery by Developer of a Deed or Declaration of Covenants, Easements, Restrictions and Assessment Liens, and the filing of the same with the Recorder of Delaware County, submitting real property to the lien for assessments established by Article IV hereof, the real property described therein shall become a part of the Subdivision as defined in Article I hereof. Such additions may be made and perpetuated without the consent of the Owners.

Section 7. Transfer to Association. The foregoing to the contrary notwithstanding, at any time Developer no longer wishes to retain the rights granted to it in this Declaration, it may transfer those rights to the Association, and by such transfer this Declaration will be deemed to be amended, so that every reference to "Developer" herein shall be changed to "Association". The Association must accept such transfer if tendered by the Developer.

Section 8. Constructive Notice and Acceptance. Every person who now or hereafter owns or acquires any right, title or estate in any portion of the Subdivision is and shall be conclusively deemed to have consented and agreed to every covenant, condition and restriction contained herein whether or not a reference to this Declaration is contained in the instrument by which such person acquired an interest in a portion of the Subdivision.
